

## WESTCHESTER COUNTY.

## YONKERS.

The Hollywood Inn Recreation Field is the scene of much activity at the present time. A large gang of men with horses and carts are at work cutting down the high ground and in other ways getting the place ready for the use of the members of the Hollywood Inn Club. William H. Baldwin, a civil engineer and a member of the club, has charge of the improvements. An oval cinder path, sixteen and a half feet wide and six laps to the miles, is being built for foot races. On the hillside seats have been provided for eight hundred spectators. There is a good supply of spring water, which has been analyzed and found pure. A clubhouse 22x22 feet, with an eight-foot porch all around, will be erected on high ground, and when the improvements are completed it will be one of the best-equipped athletic and recreation fields outside of the city of New York. Two games of baseball will be the attraction for to-day. The first game will start at 1:30 o'clock in the afternoon, the teams being those of the Yonkers and New-Rochelle high schools. This game closes their series. At 3:30 o'clock the regular Hollywood Inn team will play a team from the Brooklyn Hills Athletic Association. The June issue of "Notes" unavoidably delayed this month, came out yesterday, and gives full particulars of the amusements, sports, music, and the affairs of the month of April.

The children of Miss Drummont's kindergarten class held their closing exercises yesterday in their classroom and were given a general review. The decorations consisted of roses and American flags, which made a pretty background for the pupils. Among the children who took part were Alice, Clarence, Edward, Hicks, Freddie Waring, Matty Elsie, May, Willie, "Joe" Wither, Lillian Shrine and Dorrie Hetheray. After the exercises, refreshments were served.

## RIOTERS KILLED IN GALICIA.

VIOLENT AND BLOODY UPRISING AGAINST THE JEWS.

Lemberk, Austrian Galicia, June 17.—Gangs of peasants yesterday attacked and plundered the Jewish shops at Przysztak, near Rzeszow, and wounded several Jews. The police fired on the mob, killing nine of the rioters and wounding five more. A panic prevails and troops have been hurried to the district, where other serious excesses have occurred.

Cracow, Austrian Galicia, June 17.—The situation in the District of Gorlice in connection with the anti-Semitic excesses is of the most serious character. Bands of men from other districts have reinforced the petroleum workers and peasants of Gorlice and are attacking, plundering and burning public buildings. They have attacked the towns of Blez and Gorlice, which had to be defended by troops.

BISMARCK HAS A BAD TURN.

His daily drive has been suspended, and his sleep is broken. Dr. Schweninger, the Prince's physician, it is said, has arrived at Friedrichshafen, and arrangements are being made to have it placed on the monument at his grave, in North-st, this village, on July 4.

NICARAGUA REJECTS THE TREATY.

DEMANDS WHICH THREATEN THE PROPOSED PEACE WITH COSTA RICA.

Managua, Nicaragua, June 9.—The Nicaraguan Congress declines the treaty of peace signed between the Commissioners of Costa Rica and Nicaragua on April 28 on board the United States warship Alert, unless the treaty is also agreed to by the Congresses of Salvador and Honduras, members with Nicaragua of the Great Republic of Central America. It is doubtful whether Costa Rica will agree to the conditions demanded by the Nicaraguan Congress, but really inspired by the Executive of Nicaragua, but the consent of the Congresses of Nicaragua, as the consent of the Congresses of Honduras and Salvador to the recent treaty of peace between Costa Rica and Nicaragua would give the two countries a strong argument in their cause.

Probably the Congress of Salvador will not mix itself up in the dispute between Nicaragua and Costa Rica, as the Salvadorean army is far from being able to sustain a war against the intermediate department, and the intermediate department will be in charge of Miss Grace D. Smith, of Banksville, George H. Cooley, of Croton Falls, will be principal.

THE ARCTIC EXPLORER ABOUT TO BEGIN HIS LONG VOYAGE.

St. John's, N. F., June 17.—Captain John Bartlett, with a crew of eleven men, will sail to-night for New-York to man Lieutenant Peary's Arctic steamer, the Windward, which will leave that city on a polar expedition about July 1. All the crew are picked men under twenty-eight years old, carefully chosen to resist a winter's confinement in the Arctic Circle.

The Windward's destination is Sherard Osborn Flord, west of Greenland, about two hundred miles further north than Lieutenant Peary's previous anchorage. Lieutenant Peary will take an assistant and surgeon, making fifteen all told in the ship.

The steamer Hope, the Windward's sister ship, will sail on June 25 for Sydney, Cape Breton, where she will load coal. Coming thus with a party of Arctic explorers, the Windward will be the first to call at Labrador Island. There she will be loaded with reserve stores and coal and the party will bid adieu to the Windward.

Following is the list of the delegates to the Republican State Convention elected in New-York County last evening, to be present at the Marquis of Salisbury, replying to Lord Conservatism, Conservative, former Under-Secretary of State for Foreign Affairs, said Her Majesty's Government was communicating with the Chinese Government respecting the reorganization of the army and navy of China. The Premier added that negotiations respecting the navy reorganization were more advanced and there was every hope that a prominent British officer would make arrangements with the Chinese Government whereby he would renew his help to reorganize the Chinese Navy.

China, the Marquis continued, had shown her willingness to accept British assistance, the difficulty lying in her reluctance to give a sufficiently independent position to the officers to enable them to overcome traditional and deeply-seated evils. In conclusion, the premier remarked:

"We do not anticipate a catastrophe yet there can be no doubt as to the trend of the present trend of events so far as the Chinese Empire is concerned, unless its army and navy are developed on lines involving entire reform."

TO INCREASE ENGLAND'S NAVY.

London, June 17.—In the House of Commons to-day George J. Goschen, First Lord of the Admiralty, replying to a question as to when the vote on the navy estimates would be taken, announced that in consequence of "circumstances which it is unnecessary to specify," the Government was considering the question of an addition to its ship-building programme, and was anxious to secure the most authentic and fullest information possible of the new proposals to the nation. Therefore, the vote would be deferred, he said.

The annual reception of the alumni of the Sing Sing High School will be held in the armory of St. John's Academy on Tuesday evening. The officers of the association are C. A. Brown, president; Miss Ethel Townsend, vice-president, and Eugene Miller, secretary and treasurer.

Mrs. Mary Merritt, widow of Stephen Lyon Collier, died at her home in this village on Thursday morning. She was eighty-two years old. The funeral will take place at the house this morning at 10 o'clock. Burial will be in Dale Cemetery.

A convict in the State Prison here has recently perpetrated machinery which will be of great interest. In the XXXVth Assembly District the anti-machine forces had practically their own way, although John S. Smith made a show of opposition with a ticket headed by General Howard Carroll, whose name was withdrawn at his request, and that of ex-Alerman Andrew D. Robinson substituted. The anti-machine ticket received 36 votes, and the opposition ticket 29 votes. James W. Perry was chairman of the convention.

In the XXXIXth Assembly District the contest over the State Convention did not assume the shape that was anticipated. As a matter of fact, there was no real contest, as the Republicans of the County of New-York and those of the machine had mutually agreed upon a ticket. However, a second ticket appeared in the field, which was called the "Hess ticket," to distinguish it from that which had been presented by the union of the Republicans. This second ticket had been prepared by Simon Hess, brother of Police Commissioner Jacob Hess. The actual work of electing the delegates did not take the convention a great length of time, but the preliminary arrangements under the new Primary law were slow. The calling of the roll of delegates took up the greater portion of the time, owing to the errors made by the clerks who had transcribed them at Police Headquarters. After the rollcall James Yerance was made permanent chairman of the convention, and balloting for delegates began at once.

The union ticket, representing the Republicans of the County of New-York and the machine, received 31 signatures out of the 33 cast, and there were many other votes cast for individuals on the union ticket by those who were supporting part of the Hess ticket. The result of the balloting was that Edward Lauterbach, Frank Bulkley, Benjamin S. Tyndale and James C. Crawford, as representing the machine Republicans, were elected as delegates. Ex-Mayor William L. Strong, Anson G. McCook, Samuel Thomas and Edward W. Harris, representing the Republicans of the County of New-York on the ticket, were also elected.

The ninth delegate on the ticket was Chauncey M. Depew, who was not committed to either of the parties to the union ticket, and he was placed on the ticket which won for the purpose of carrying out the plan of dividing up the delegates between the two organizations and giving the odd place to one who was committed to neither side.

The ticket placed in the field by Mr. Hess was the one that had nearly completed his investigation of the places and houses along the lines running into McHenry south of Hattiesburg, and that there was never any record of McHenry operating in the work and that it was generally understood that the majority of them were favorable to Governor Black.
